EXPERIENCE

Aug. 2018 - May 2019
Front-end developer | ЛУН
- Worked on a big multilingual project Flatfy (Korter), which provides information about real estate in 11 countries.
- Transformed a multi-page project (jQuery) into a single-page application with React, MobX, and styled-components.
- Implemented responsive and cross-browser HTML/CSS layouts, new user-facing features, performed bug fixes, and improved codebase quality.
- Developed a lot of new reusable React components, managed front-end data state and proper communication with a server.
- Worked in an agile team of designers (Sketch), back-end developers (PHP and Node.js), and content specialists to meet project goals and create effective user experiences.

Aug. 2019 - Jun. 2020
Math teacher | ЯвКурсі
- Prepared more than 40 students for a math exam.

ADDITIONAL INFORMATION

In my spare time, I love playing the guitar, watching movies, listening to music, or doing any kind of sport, especially running. Also, I am keen on hiking.
